

STUDENT RECORDS

Note: Student records are governed by both federal and state law (Family Educational Rights and Privacy Act (FERPA) pursuant to Education Code 49069, 5 CCR 430-433, 20 USC 1232g, and 34 CFR 99.1-99.8).

Pursuant to 5 CCR 431, districts are **mandated** to establish policies and procedures to implement state law and regulations regarding student records, including policies and procedures which enumerate and describe the student records collected and maintained by the district, ensure security of the records, and guarantee access to authorized persons within five days of a request. Education Code 49069 **mandates** procedures related to parental review of student records. See the accompanying administrative regulation for additional language implementing these mandates.

The privacy of online information of students in prekindergarten through grade 12 is addressed in Business and Professions Code 22580-22587, which prohibit an operator of a web site, online service or application, or mobile application from knowingly using, disclosing, or compiling the personal information of a minor for the purpose of marketing or advertising specified types of products or services; allowing a third party to use, disclose, or compile such information; or selling or disclosing specified student information or knowingly using such student information to engage in targeted advertising to students or parents/guardians or to amass a profile about a preK-12 student. Covered student information includes any personally identifiable information or materials created or provided by a student, parent/guardian, or district employee (e.g., name, contact information, educational record, discipline records, test results, health records, socioeconomic information). Pursuant to Business and Professions Code 22584 and 22586, an operator must delete data under the control of the school or district upon the request of the school or district.

The Governing Board recognizes the importance of keeping accurate, comprehensive student records as required by law. The Superintendent or designee shall establish administrative regulations governing the identification, collection, retention, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records while maintaining the confidentiality of student records consistent with state and federal law.

(cf. 3580 - District Records)

(cf. 4040 - Employee Use of Technology)

(cf. 5125.1 - Release of Directory Information)

(cf. 5125.3 - Challenging Student Records)

The Superintendent or designee shall designate a certificated employee to serve as custodian of records with responsibility for student records at the district level. At each school, the principal or a certificated employee shall be designated as custodian of records for students enrolled at that school. The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)

Note: Pursuant to Education Code 234.7, as added by AB 699 (Ch. 493, Statutes of 2017), districts are **mandated** to adopt policy consistent with a model policy developed by the California Attorney General, which includes the following statement. See the Office of the Attorney General publication Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's K-12 Schools in Responding to Immigration Issues.

Note: Pursuant to Education Code 49076.7, a district is prohibited from soliciting or collecting social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. One such exception is the collection of the last four digits of the social security number for the purpose of establishing eligibility for a federal benefit program.

The district shall not collect or solicit social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. (Education Code 49076.7)

Note: Education Code 234.7, as added by AB 699 (Ch. 493, Statutes of 2017), prohibits the collection of information or documents regarding the citizenship or immigration status of students or their family members, as provided below. If the district becomes aware of the citizenship or immigration status of any student, it is prohibited from disclosing that information to U.S. Immigration and Customs Enforcement, as such disclosure is not among the limited exceptions specified in law for which student records may be released without parental consent or a lawful judicial order.

Pursuant to Education Code 234.7, districts are **mandated** to adopt the following paragraphs consistent with the model policy developed by the California Attorney General.

No information or documents regarding the citizenship or immigration status of students or their family members shall be collected, except as required by state or federal law or as required to administer a state or federally supported educational program. The Superintendent or designee shall not disclose student records to a person, agency, or organization for immigration enforcement purposes without parental consent, a court order, or a judicial subpoena. If a district employee receives such a request, he/she shall immediately report the request to the Superintendent. The Superintendent shall report the request to the Board in a timely manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

(cf. 5145.13 - Response to Immigration Enforcement)

Note: The following paragraph reflects a requirement of Government Code 8310.3, as added by SB 31 (Ch. 826, Statutes of 2017).

The Superintendent or designee shall not compile a list, registry, or database based on students' national origin, ethnicity, or religious belief, practice, or affiliation, nor shall he/she disclose student information to federal government authorities for the purpose of compiling

such a list, registry, or database for purposes of immigration enforcement. Such information may only be compiled or exchanged with other local, state, or federal agencies if the information is aggregated and is not personally identifiable. (Government Code 8310.3)

Student Records from Social Media

Note: The following section is **optional**. Pursuant to Education Code 49073.6, any district considering a program to gather information from students' social media activity, as defined, must first notify students and parents/guardians and provide an opportunity for public comment. The notification may be provided as part of the annual parental notification required pursuant to Education Code 48980. If such a program is then adopted, the district must comply with program requirements reflected in the section "Student Records from Social Media" in the accompanying administrative regulation.

The district should consult legal counsel before gathering any other online information that does not meet the definition of social media in Education Code 49073.6.

The Superintendent or designee may gather and maintain information from the social media of any district student, provided that the district first notifies students and parents/guardians about the proposed program, offers an opportunity for public comment at a regularly scheduled Board meeting, and gathers only information that directly pertains to school safety or student safety. (Education Code 49073.6)

Contract for Digital Storage, Management, and Retrieval of Student Records

Note: Education Code 49073.1 authorizes districts to enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or for software designed for this purpose. A district that chooses to enter into such a contract is **mandated** to adopt policy allowing such contracts and must ensure that the contract includes all the provisions specified in Education Code 49073.1. Also see BP 3312 - Contracts.

The Superintendent or designee may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code 49073.1 and other applicable state and federal laws.
