2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Wheatland Elementary School's Vision and Mission Statements Our goal is to inspire learning and foster success for all students, in a caring school community with involved staff, committed to a goal of excellence in teaching. In collaboration with parents and the educational community, we strive to meet each student's needs - academic, social, emotional and physical. We recognize, respect, and develop each student's unique potential. Our curriculum and instructions are aligned with National, State and District Standards and we measure our achievement through standardized assessments. We provide a flexible learning environment that prepares our students for the challenges of a changing world.

One of our school's assets is our student motivation and rewards program called Renaissance. We recognize our students for their efforts as well as their achievement by giving rewards at break, at lunch, and at our trimester Renaissance Rallies. Another wonderful component of our school is the Family Resource Center (FRC), which provides assistance and resources for families. The FRC is also a haven at lunch time, break, and after school for students. The FRC facilitates case management for students, including connecting families to county resources and acting as a liaison between parents and school. The FRC monitors grades, behavior, and attendance for at-risk students. Our FRC annually holds Parenting classes for the community. In fall of 2022 we were able to offer the Nurtured Heart program completely in Spanish for our Spanish speaking parents. They also provide ongoing translation services in both Spanish and Hmong.

The atmosphere on the Wheatland Elementary campus is calm, positive and nurturing. We invite parents and community volunteers to join us in the education of our students. It is our goal to partner with families to create the best educational environment possible for our students. Our wonderful students, families, and dedicated teaching team and support staff make our school a fabulous place to work and learn.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The campus was originally opened in 1963. It is a beautiful, tree-lined campus. The campus has a wide-open feel and is equipped with appropriate lighting and security cameras in strategic areas to promote safety. Wheatland Elementary has site established cleaning standards with two full-time custodians and one half-time custodian. The campus is always well maintained and classrooms and bathrooms are cleaned daily. The Principal and Lead Custodian do routine walks of the campus to identify items that need to be repaired, replace or improved. An ongoing document is kept to monitor projects and ensure completion. Minor repairs to door stops, and door lockdown latches are necessary due to usual wear and tear. We have continued on our school improvement plan of replacing four rooms' carpets each year. There is adequate room for all students in classrooms, on the playground, and in the eating areas. We have a fully functioning kitchen and multipurpose room with plenty of tables and room to sit. Our multi-purpose room is used for school sports programs, community sports programs and for community events. There is room behind our campus for future expansion of our school or for sports fields and other extracurricular activities.

The 2021-2022 school safety plan reflects an emphasis on cleaning and sanitizing as we combat the spread of Covid 19. Specific details to address these practices will be reviewed at Site Council meetings and shared at each staff meeting.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

Mathematics (grades 3-8 and 11)	N/A		N/A		N/A	

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

We are now able to integrate parent volunteers on field trips, classroom support, and attendance at school events such as the Halloween parade, RENI Rallies, and Distinguished Student Lunches.

Our school's annual site plan and school site budget approvals are made by our School Site Council. The School Site Council is comprised of parent members, certificated staff, classified staff, and site administration.

Our District English Language Advisory Committees helps students and families who are learning English, with academic support and to feel welcome in our school community. Our Desayuno breakfast socials help Spanish speaking families network and tap into local resources.

Parents have the opportunity to volunteer in classrooms, the school office, and our library. Classroom and campus volunteers are always needed. All parent volunteers are required to be cleared through fingerprinting and a comprehensive background check prior to volunteering. To find out how you can volunteer at our school, please contact our school at 530-633-3140.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The 2022-2023 School Safety Plan has been able to reflect a transition from addressing all things COVID, to a more comprehensive look at students, staff and campus safety.

Our School Safety Plan is updated annually and is reviewed and approved by the School SITE Council and the Wheatland School District School Board. School faculty have active roles within the plan in case of an emergency. These roles, and the enclosed procedures we would follow, are reviewed at a Staff Meeting each year. Further details can be found in our district and our school plans, which are available online or in the school office. The 2021-2022 School Safety Plan was last reviewed, updated and approved by the Wheatland School District Board of Trustees in October 2021.

All teachers and noon duty supervisors are scheduled so that at least two monitors are on duty during each recess. We provide before school and after school supervision. Safety drills are held once per month rotating Fire drills, Earthquake drills, and Lockdown drills throughout the year. The Safety Committee reviews and approves our school Safety Plan each October. We distribute the plan to each teacher and it is reviewed and approved by the School Site Council. We work collaboratively with the Wheatland Fire and Police Departments to coordinate emergency plans. The school's surveillance system, perimeter fencing and the involvement of the Wheatland Police Department ensure a safe environment for all.

2021-22 Types of Services Funded

State and federal money is spent on core instructional materials in all areas of our curriculum; (English Language Arts, Mathematics, Social Studies/History, Science, Fine Arts including a dedicated Music Teacher, and P.E.. Additionally, supplemental instructional programs are funded such as Counseling and an afterschool intervention support program. Title 1 support funding is targeted toward identified groups of students at risk of not succeeding in school for academic or social emotional challenges. Funding provides personnel support for learning through the use of classroom assistants and paraprofessionals in transitional kindergarten, kindergarten, first grade classes, as well as in Life Skills, and the English Language Learner Program.

Each year funding is invested for progress monitoring programs such as Accelerated Reading, MobyMax, iReady and ESGI programs. Student progress is shared with students and their parents in both formal and informal methods. Progress is celebrated at the Reni Rallies.

2020-21 Teacher and Administrative Salaries

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Wheatland Elementary School and the Wheatland School District are dedicated to the educational development of teachers and staff. A series of Minimum Days were installed in the school calendar to facilitate ongoing Professional Growth activities. These opportunities have been used to further teacher learning in all curriculum areas. (For example on January and February Minimum Days we hosted Author and ELA Specialist Judy Lynch to learn more about developing a Vocabulary program at each grade level and to more powerfully use Word Walls to strengthen reading instruction. On a subsequent Professional Development day we hosted Annette Rowsey who led the teachers in mathematics Strategies)

During regular staff meetings, staff evaluate student data to develop a continuing educational plan that meets the needs of the constantly changing student population. Teachers tackle the areas of the California Common Core State Standards, school safety, state testing demands, and the students' social emotional needs to develop a program that educates the whole student. In addition to these on campus opportunities, our staff attend best practice conferences including topics from 504 Plan and special education law, as well as county developed trainings focused on integrating the California Common Core State Standards with a variety of student learners and learning modalities. The Wheatland Elementary School team works hard to collaborate with campus staff and surrounding communities to develop an exemplary academic program.

Teachers are supported throughout the implementation process through a combination of peer led trainings and meetings, as well as administrative observations. Data is evaluated often to ensure the continued growth of our programs and provide opportunities to address student needs through our continued professional development. During the current school year, professional development has been provided during Staff Development Days for the implementation of our new Science adoption materials from Amplify.

This table displays the number of school days dedicated to staff development and continuous improvement.
