Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

The Wheatland School District LCAP is arranged by five goals established by the Governing Board: Student Achievement, Recruit & Retain High Quality Staff, Parent Engagement/Student Engagement/School Climate and Conditions of Learning, Inclusion of Special Education and Career Technical Education. Each goal has actions structured to meet the needs of our students. We will be working on a multi-tiered system of support (MTSS) model which will organize initiatives as part of the core program or supplemental program. Federal title dollars work in conjunction with state supplemental dollars to enhance the supplemental actions to provide strategic and intensive interventions in support of the needs of underperforming student groups (such as Low Socioeconomic Status, English Learner, Migrant, and Foster/Homeless). The LCAP contains summary tables of state funds as well as Federal Title dollars. That table references the related LCAP action which the federal dollars enhance broken down by the Federal Title program.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

LCAP actions are determined by needs assessments and data analysis aimed at determining what is causing the poor performance in some students. Stakeholders and staff review data and develop action plans to address those needs. Stakeholder groups include parents, students, community members, staff members, and employee groups. Formal stakeholder input and structure from high-risk groups is ensured through the English Learner Advisory Committee, District English Learner Advisory Committee and School Site Councils. Monitoring metrics are found in the LCAP in each of the three major goals. Once needs are identified, qualifying funding is assigned to carry out the action. Federal funding is placed alongside state funding to enhance various actions. The district includes a funding summary at the end of the LCAP to provide an "at a glance" overview of how all funds is allocated, including federal dollars.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

Our district has three schools, and they are all Title 1 schools. This was determined off of a greater than forty percent enrollment of free and reduced status students. Our schools are all elementary schools (K-8 grade). We will provide additional services and programs that will make the biggest impact for students of poverty to all our schools.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Wheatland School District is committed to providing opportunities to assist all parents in supporting their students to become better students. In order to ensure parent participation in all schools, the District supports and promotes parent volunteers. All sites maintain District parent advisory and support groups such as DELAC, ELAC, and Site Council. We believe that providing forums for parents so we can further enhance our relationships. All Title 1 Schools inform parents of their school's participation and the requirements of Title 1. Schools offer flexible times for the meeting and provide translation services. Title 1 Schools also create Parent/School Compacts with their families. All Principals receive training on how to plan and implement effective parent involvement activities.

To meet this requirement, LEAs must provide a description of the following:

ESSA Section 1112(b)(3): how the LEA will carry out its responsibilities under paragraphs (1) and (2) of Section 1111(d);

1. How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans

5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Low-income students and minority students are not being taught at higher rates than other students in our District. They are also not being taught by ineffective, inexperienced, or out-of-field teachers. This is not an issue for the Wheatland School District as all of our teachers are CLAD certified and properly credentialed. If it becomes a concern, there would be a plan to assist teachers in completing credential work. Considerations for transfers of teachers would also be a likely part of the plan. Professional development is already an ongoing commitment for all teachers, but there is specific support in our district. Struggling teachers would be paired with a mentor and share their progress with the administration throughout their school year.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

The Wheatland School District has very few expelled youth. If we have one a year then that is a high number. Students that are identified to go through the expulsion process will receive all their rights and we will work with the county to offer services if they are indeed expelled.

All of our Title 1 schools have School wide programs and are compliant with all state and federal requirements such as the Parent/School Compact, Parent Involvement Policy and Annual Title 1 meeting. Each Title 1 School conducts a needs assessment that describes the methods and instructional strategies that strengthen the academic program in the school. Decisions to spend Title 1 funds are tied to outcomes that could increase the amount and quality of learning time, help provide enriched and accelerated curriculum and address the needs of those at risk of not meeting academic standards.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

We are not in Targeted Assistance

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

The Wheatland School District provide services to homeless children and youth and to ensure that their educational needs are met. Some of the service could be: academic counseling; mental health services; food resources; school supplies; clothing, shoes and personal hygiene supplies; referrals to low- or no-cost medical, dental and vision services, etc. We try to link them with district services such as free school lunches and free transportation; We refer families to housing resources and other community services.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

The Wheatland School District has state preschool programs at two sites. In addition, our district offers Transitional Kindergarten at both of our elementary schools. All of these programs benefit our young students by helping them to be better prepared for Kindergarten and beyond. Preschool teachers across the district spend time collaborating on assessments and curriculum planning. The District plans a Kindergarten Round Up event each year to share orientation information and help families better prepare for their child to transition to Kindergarten. Our district hosts a parent education night about the local high school.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Students are identified for academic intervention. This service is to include classroom intervention in an after-school environment. We also offer a homework club for those students in 6th – 8th grades.

The District provides funding through the LCAP to enhance library.

Student access is supported by providing all students in grades 6-8 with one-to-one devices and by providing computer labs at lower grades. To ensure that students are mastering the skills necessary to effectively use technology as a tool for learning, the school staff has developed technology plan to be implemented at the sites.

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please provide a description of the LEA's systems of professional growth and improvement for teachers, principals, and other school leaders.
2. Please address principals, teachers, and other school leaders separately.
3. Please explain how the systems promote professional growth and ensure improvement, including how the LEA measures growth and improvement
4. Please describe how the systems support principals, teachers, and other school leaders from the beginning of their careers, throughout their careers, and through advancement opportunities
5. Please describe how the LEA evaluates its systems of professional growth and improvement and makes adjustments to ensure continuous improvement within these systems.

The Wheatland School District will extend the Multi-Tiered System of Support philosophy to include teacher assistance. In collaboration with the Tri County TCIP Program, the district will participate in the local teacher induction programs which provides coaching and mentoring for new teachers. The program assists new teachers clearing their preliminary credentials and provides effective training, vetting, and retention of high-quality instructors. To continue to stretch exemplary practice and promote highly effective teachers, our collective bargaining agreements allow for formal administrative review, and we work to empower highly effective teachers to share with others. In addition to formal induction or evaluation, the district provides professional development focusing on state frameworks, instructional practices and the implementation of technology in the classroom. Training is difficult to provide because of the lack of available substitute teachers so we look for other ways such as minimum days and paying for buy back type days in order to accomplish our needs. Finally, the district uses supplementary funds to bring the highest quality staff we can recruit to our District. The district is compliant with federal and state mandates related to Title II funds.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

1. Please describe the LEA's process for determining Title II, Part A funding among the schools it serves.
2. Please describe how the LEA determines funding that prioritizes CSI and TSI schools and schools serving the highest percentage of children counted under Section 1124(c).
3. Please describe how CSI and TSI schools and schools that have the highest percentage of children counted under Section 1124(c) that the LEA serves receive priority in Title II, Part A funding decisions compared to other schools the LEA serves.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Funding is prioritized to target programs and resources based on individual student needs. That said, the number of students in high need does vary by school site. The baseline of tiered supports is defined in the district LCAP and the additional needs unique to each school are provided through the school plans or Single Plans for Student Achievement. District level support available through the LCAP includes staffing, professional development, instructional programs, parent engagement and student engagement. This design facilitates transparency and monitoring of program effectiveness as well as the responsible use of support funding. This structure allows us to monitor students based on

need whether those be enrichment for gifted students, students needing academic support, students needing social emotional supports, or students needing guidance towards meeting other requirements.

Data and Ongoing Consultation to Support Continuous Improvement ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please explain how the LEA coordinates its Title II, Part A activities with other related strategies, programs, and activities.
2. Please describe how the LEA uses data to continually update and improve activities supported under Title II, Part A.
3. Please describe how the LEA uses ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under Title II, Part A.
4. Please describe the sources of data the LEA monitors to evaluate Title II, Part A activities and how often it analyzes this data.
5. Please describe the ways in which the LEA meaningfully consults with the following educational partners to update and improve Title II, Part A-funded activities:
 - a. Teachers
 - b. Principals and other school leaders
 - c. Paraprofessionals (including organizations representing such individuals)
 - d. Specialized instructional support personnel
 - e. Charter school leaders (in a local educational agency that has charter schools)
 - f. Parents
 - g. Community partners
 - h. Organizations or partners with relevant and demonstrated expertise in programs and activities
6. Please explain how often the LEA meaningfully consults with these educational partners.

The Wheatland School District has been pioneering a much wider use of data, including piloting new assessments, participating in research projects, and working closely with our County Office of Education to further the meaningful analysis of school data. Our goal has been to isolate factors that affect student achievement and scale the allocation of resources to the relative effects of those factors. We maintain a wide array of monitoring metrics in both our LCAP and School Plans (SPSA's) to assist in targeting needs, allocating resources, and evaluating program effectiveness. We are looking to provide great justification for addressing the "whole child," with multi-tiered social emotional as well as academic supports. Data is regularly reported to our stakeholders including our employee groups, governing board, parents and the community. Disaggregated data is analyzed to guide the responsible allocation of resources to ensure safe, productive learning environments with the best overall educator effectiveness.
