Dear Mr. Guzman, I was in main class, then Marcell turned around in his chair and said "Guess what"? So I said "Yeah"? Then he was like "I'm going to bring a bb gun to school." So I was like "Really". Because I was starting to get a little nervous and didn't know what to say. Then he said "Yeah but don't snitch". So I was like "Ok". Then he turned back around.

A little later at lunch time that was when I told you and you talked to him. Then after

lunch we were in our seat
doing I-Ready. He turned
around and asked me if I
snitched. I said yes. Then I'm
pretty sure he mumbled some-
thing under his breath. When
I told him that I snitched
on him he seemed disappointed.

I was walking to the black top with someone and we saw people we play soccer with huddled so we went and they were saying that marcel got searched because he had a bb gun and he said he throw it in the trash can, and he came back and billy got it, and he put it in his backpack, I saw the bb gun because billy went in the bathroom and grabbed it and put it in his backpack, and marcel had a weed pen on tuesday.

From the trash can

a few kids huddled up so I went
and they started about how the day before they
brought a walkie talker and had a bb gun and
got searched and now he stuffed it in
the student restroom and want one student
to hold it for him till the end of the day
so we can bring it home and not get caught
by having someone else hold it for him and
give it to him at the end of the day also
the student who was holding it for him was
warning the bb gun around in the restroom
and put it in his backpack and went to first
period with it

I seen marcell running He told me to come to the
bathroom. He then had told me to go look outside to
see if anyone was coming. I went back in and told him
~~no~~ No one was coming. He had then put the gun
in the trash and covered it with paper towels. After that
Mr. Guzman had searched marcell. So they all suspected you would
search the trash cans, so Billy grabbed the gun. After that you

I was in the bathroom when these kids walked in and showed me a gun. I asked if it was real, they said no. I asked if it had anything in it, they said no. I walked out because I didn't want to get involved. They were in the bathroom another time, so I left them alone. Then I got called to the office, then now I am writing this.
