BP 3100

The Governing Board recognizes its critical responsibility for adopting a sound budget for each fiscal year which is aligned with the district's vision, goals, and priorities. The district budget shall guide administrative decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.

- (cf. 0000 - Vision)
- (cf. 3000 - Concepts and Roles)
- (cf. 3300 - Expenditures and Purchases)
- (cf. 3460 - Financial Reports and Accountability)
- (cf. 9000 - Role of the Board)

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

Budget Development and Adoption Process

The Superintendent or designee shall establish an annual budget development process and calendar in accordance with the single budget adoption process described in Education Code 42127(i). He/she shall annually notify the County Superintendent of Schools of the district's decision to use the single budget adoption process in the subsequent year.

The Board encourages public input in the budget development process and shall hold public hearings and meetings in accordance with Education Code 42103 and 42127.

- (cf. 9320 - Meetings and Notices)
- (cf. 9322 - Agenda/Meeting Materials)
- (cf. 9323 - Meeting Conduct)

The budget that is formally adopted by the Board shall be in the format prescribed by the Superintendent of Public Instruction. The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

Budget Criteria and Standards

In developing the district budget, the Superintendent or designee shall analyze criteria and standards adopted by the State Board of Education which address estimation of funded average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected revenue limit, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. The budget review shall also identify supplemental

information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, and the status of labor agreements. (Education Code 33127, 33128, 33129; 5 CCR 15440-15451)

The Board shall establish and maintain a general fund reserve for economic uncertainty that meets or exceeds the requirements of law. (Education Code 33128.3; 5 CCR 15450)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, categorical program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

(cf. 2210 - Administrative Discretion Regarding Board Policy)

(cf. 3110 - Transfer of Funds)

Fund Balance

The Board shall adopt a formal resolution that provides for classification of fund balances in the general fund and is compliant with Governmental Accounting Standards Board (GASB) Statement 54. The resolution also shall:

1. Establish specific steps for committing funds that cannot be used for any other purpose unless the Board takes action to remove or change the constraint
2. Express the authority of the Board and/or delegate authority to other person(s) to identify intended uses of assigned funds
3. Establish the order in which fund balances will be spent when multiple fund balance types are available for an expenditure

The Board reserves the authority to review and amend this resolution as needed to reflect changing circumstances and district needs.

Long-Term Financial Obligations

The district's current-year budget and multi-year projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

(cf. 4141/4241 - Collective Bargaining Agreement)

(cf. 4143/4243 - Negotiations/Consultation)

(cf. 4154/4254/4354 - Health and Welfare Benefits)
(cf. 7210 - Facilities Financing)
(cf. 9250 - Remuneration, Reimbursement and Other Benefits)

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

Budget Amendments

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval when the state budget is adopted, collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.
